

Apprentice Diesel Mechanic

Energy Logistix (Aust) Pty Ltd
7 Creswell Road
Largs North SA 5016

About Energy Logistix (ELX)

We always put in the extra mile to make it happen, because for us, it's personal. Our values are at the centre of everything we do. For our customers, our employees and our service partners.

This is why we are leaders in Australia's freight and transport industry. We offer customers a family tradition of industry experience and knowledge, a service quality above all others and the confidence that we can make it happen.

Customers can rely on us 24 hours a day / 7 days a week and as pioneers in the implementation of technology and compliance, at any time you can know exactly where your freight is in its journey.

Our team take the time to know what's important to you providing a sustainable cost model tailored to suit your requirements.

The Role

We are seeking an apprentice Diesel Mechanic to join our team in Largs North.

As an apprentice diesel mechanic, you will be self-motivated with a positive attitude and a willingness to learn.

- Great location in Adelaide
- 7.6 hours per day from Monday to Friday
- Optional overtime

The ELX team are dedicated to upholding our commitments and core values on quality, safety and the environment.

Benefits:

- A friendly team-based working environment
- Supplied and laundered uniforms
- Supportive and collaborative management team
- The opportunity to work with a modern fleet of predominantly Kenworth trucks and Cummins engines.

Key Responsibilities:

- Carry out General Maintenance to ELX Equipment
- Engine Diagnostics
- Basic Welding & Fabrication
- Electrical Diagnostic and Repairs
- Maintain quality and urgency in the work performed
- Operate in compliance to the NHVAS scheme
- Always maintain a high degree of safety in-line with HSE policies + procedures

Skills & Experience:

- Must have a car license – Class C
- Basic Welding competencies (advantage)
- Pre-vocational trade advantageous but not required
- Demonstrated ability working within a fast-paced environment
- Good written and verbal communication skills
- Be a team player, open and honest who consistently delivers an exceptional customer service experience
- A proven commitment to working safely and compliance with all site safety standards
- A pro-active approach to safety to yourself and others
