

KAC and RARB - the history

The Past

KAC and other community organisations tried and failed to get RARB status

Failed, costly, time consuming

Needed to change approach

What we did

Sought feedback

Aboriginal Affairs and Reconciliation (AAR) offered support and guidance

AAR advice was to match KAC policies to Aboriginal Heritage Act policy requirements

What happened

Changed focus

KAC Board of Directors focused attention on this area

Developed Policies to match requirements

KAC appointed RARB status on 29 October 2021

The future

Success of RARB is now in the hands of Kokatha People Culture and Heritage Committee (as Family Representatives) now have leading and active role in supporting the successful implementation of the RARB
